

## Hypnos New Orthocare 10

Featuring three zoned reactive pocket springs system to help retain the height and longevity of the mattress and more importantly giving head-to-toe zonal support. Every spring has 10 active turns, each spring independently sensing your shape and weight distribution thereby providing total spinal and body support. The Hypnos Orthocare 10 mattress is upholstered with soft and breathable layers of cashmere, wool and eOlus sustainable fibre which help regulate body temperature, covered with a silver infused Belgian damask to provide a soft, fresh and hygienic sleeping surface, finished with two rows of hand side stitching and traditional hand tufted for long lasting comfort and support. The divan base is deep padded non-sprung to provide an extra supportive firmer feel.
