

Hypnos New Orthocare 6

Featuring three zoned reactive pocket springs system to help retain the height and longevity of the mattress and more importantly giving head-to-toe zonal support. Every spring has 6 active turns, each spring independently sensing your shape and weight distribution thereby providing total spinal and body support. The Hypnos Orthocare 6 mattress is upholstered with soft and breathable layers of British wool, cotton felt and eOlus sustainable fibre, which help regulate body temperature, covered with a silver infused Belgian damask to provide a soft, fresh and hygienic sleeping surface, finished with two rows of hand side stitching and traditional hand tufted for long lasting comfort and support. The divan base is deep padded non-sprung to provide an extra supportive firmer feel.
