

Sealy Genoa 1400

Boasting 1400* pocket springs, the Sealy Genoa is an innovative and intelligent mattress. Its pocket springs offer great resilience and conforms to each sleeper's natural shape as well as allowing freedom of movement. Innergetic latex, of leading latex manufacturer Latexco, not only quickly moulds to your body but also quickly recovers its shape, allowing for continual movement and support. Tencel Fibres and Sealy's Smart Fibres, which hold Allergy UK's Seal of Approval, work to prevent bacteria and reduce allergens in the bedroom. A patented uniraill design helps to keep the edge firm and extend the sleeping environment, while overall support is given to realign the spine and minimise aches and pains. If that's not convincing enough, then Sealy's 10 year warranty on this mattress should reassure you of this mattress' longevity, durability and comfort. *Pocket spring count based on a 5'0 king sized mattress
