

TEMPUR Sensation Elite

The Tempur Sensation Elite is expertly engineered to allow ease of movement with a bouncy feel, similarly to that of traditional spring mattresses. Its top base is 3cm worth of Tempur Comfort material, designed to relieve pressure and absorb partner motions, ensuring a restful sleep. Beneath is 4cm of Tempur Support material, providing firm support and evenly distributing pressure across the mattress. Working in conjunction with the above layers is 4cm of Dynamic Support Technology, offering light support and enabling ease of movement. Finally, the 14cm of DuraBase Technology works with the other layers to provide the utmost comfort while also extending the lifespan of the mattress. Each Tempur Sensation Elite comes with a 10 year guarantee and, with an easily removable washable cover, hygiene maintenance is easy.
