

Heritage Collection Imogen

The handcrafted Imogen has plenty of classic appeal thanks to its gentle curves, scroll arm and traditional style turned feet. Each frame is constructed from sustainably sourced woods by experienced frame makers, with all structural points composed of kiln-dried hardwood beech. Its springs, foams and fibres have been selected with comfort and longevity in mind, while its fabrics are sourced from world class weavers in Italy, Belgium, Turkey and the USA. The range also comes with a comforting 10 year frame and spring guarantee. The Imogen is available in a selection of fabrics to suit any decor, as well as a choice of light or dark leg, and can be purchased with castors or without.
