

## Stockholm Grey Front

A twist on the classic Stockholm range, the Stockholm Grey Front collection features the same beautiful clear lacquer finish and Scandi style, this time with grey fronts to provide additional colour and contrast. Recessed handles help the range to maintain its minimalist appeal, while its grey fronts work well against most colour schemes. The range's sliding doors are a stylish and elegant way to display items and offer easy access for day to day use. Three section full opening metal runners add a smooth, quality feel every time you open a drawer. Furthermore, its sturdy oak and oak veneer construction promises longevity.
