

Harrison Canterbury 3000

The Harrison Canterbury 3000's Ultra spring system offers supreme support for the body. With soft, medium and firm options available, you can choose the tension that suits your sleep position and comfort requirements, reducing the risk of soreness and helping you to achieve a fantastic night's rest. Medium firm and soft medium tensions are also available on the king and super king mattresses. The mattress includes 100% natural fillings of cotton, hemp, flax and wool. Cotton, hemp and wool regulate body temperature with their superior cooling properties and breathability, and provide plenty of comfort, too. In addition, flax has unique anti-bacterial properties, offering a more hygienic sleep environment. Finally, the mattress is turn free, making it easier to maintain.
