

## Wells 13000

The Wells 13000 turn free mattress provides optimal comfort thanks to its Posturfil, HD spring, 5000 Microlution and Ultra spring system. True Edge technology is used to reinforce the edges of the bed, reducing the risk of falling out of bed and making it easier to get in and out. True Edge technology also maximises the available sleep space and increases the longevity of your mattress. The mattress uses 100% natural fillings of alpaca, cotton, Egyptian cotton, kapok and wool. The wool makes the mattress more breathable, while cotton and alpaca help to wick away moisture - an excellent choice for warm sleepers. Soft, medium and firm tensions are available, so you can choose the option that supports you best. Finally, the mattress is turn free, requiring less maintenance.
