

Harrison Durham 5700

The Harrison Durham 5700 fuses a 5000 Microlution Airflow and pocket spring system with 100% natural fillings, creating a sumptuously comfortable turn free mattress. A platform base provides a firmer feel. Breathable wool regulates body temperature while flax has unique anti-bacterial properties that create a more hygienic sleep environment. Ten times more absorbent than cotton, hemp's hollow structure is ideal for drawing away moisture. This keeps you cool and fresh throughout the night. Finally, as the mattress requires no turning, it is easier to maintain.
