

Somerset

Built and manufactured in the UK, the Somerset boasts a stylish, modern 3 tier foam back design. 'Softer sit' comfort provides an excellent sit. In fabric models, this is further enhanced by Mammoth medical grade foam, produced in partnership with the Chartered Society of Physiotherapy. This highly supportive foam is renowned for its great feel and ability to relieve pressure. Fixed models, single and dual motor recliners and single and dual motor rise and recliners are all available in the range, so you can choose the right chair for your comfort and budget. The recliner chairs come in Petite, Standard and Grande sizes to suit your stature. Matching sofa sets are made possible thanks to the 2 seater and 3 seater models. The Somerset is available in fabric or leather in a variety of colours to suit your furnishings. It also comes with a fantastic 5 year frame and motor action guarantee.
