

Stressless Arion Low Back

One of the most versatile ranges in the Stressless by Ekornes collection, the Stressless Arion is available as a fully reclining chair, 2 seater or 3 seater sofa, or alternatively as modular sections so you can create your ideal seating arrangement. Using modular sections, you can build a corner or cinema unit, and sector tables bring even more functionality. The range is available with a high back or a low back, depending upon your requirements. The Plus system provides fantastic support for the neck and lumbar region, while the Stressless patented Glide system allows you to adjust your seating position using just your body weight. The Stressless Arion is available in a wide range of leathers and fabrics with a selection of attractive wood finishes.
