

## Sealy Genoa Geltex 1400

An adaptation of a Sealy favourite, the Sealy Genoa Geltex 1400 features 1400 individually responsive pocket springs and a 4cm layer of Geltex, offering excellent support, pressure relief and breathability. Its 7-zone foam construction correctly aligns the spine to help reduce aches and pains. 100% organic Tencel fibres have excellent cooling properties and optimise moisture absorption. Sealy Smart Fibres ensure a cool, dry night's sleep and are hypoallergenic, having been endorsed by Allergy UK for the reduction of house mites. The dynamic textile Adaptive works with the Sealy Smart Fibres by responding to changes in temperature and moisture. For additional longevity, the mattress uses a patented Unirail design to prevent sagging. \*in a kingsize mattress
