

Himolla Chester

The Chester impresses with its stable workmanship and high-quality materials. The cushions offer two different types of seating comfort: soft or medium. There are two sizes to choose between. The seat height can be increased by 2.5 cm with an additional wooden swivel ring. If you want to sit back, use the loop to move the backrest to the desired position. The backrest glides back seamlessly thanks to the gas spring mechanism. The ergonomic backrest adapts perfectly to your spine to ensure there is no tension in your body. The integrated leg rest and headrest with a manually adjustable tilt angle offer further comfort.
